OpenAIRE 2020
Services for Researchers and Funders
WHAT IS OPENAIRE?

OpenAIRE is an EC-supported initiative to foster Open Science in Europe in order to accelerate research and boost innovation. Europe’s research can be open to everyone! Find out how! https://vimeo.com/108790101
How does OpenAIRE work?

1) Human pan-European knowledge nextwork (National Open Access Desks (NOADs))

2) Innovative digital infrastructure – OpenAIRE platform (www.openaire.eu) makes research Findable, Accessible, Interoperable and Re-usable (FAIR)

OpenAIRE platform (openaire.eu)

OpenAIRE is a network of Open Access repositories, archives and journals that support Open Access policies.

Access 19,437,788 publications from 2,193 data sources
19,158,895 published in OA and 414,386 of them are linked to funding
45,949 data-sets
Resources for Researchers

• Share: deposit (Zenodo or OpenAIRE compliant repository) and publish in OA
• Link your research results (publication to data; results to funding)
• Discover and reuse - OpenAIRE platform for OA publications and datasets
• Answers to Open Access and Open Data questions in Horizon 2020
• Research on various topics: legal issues, OA mandate implementation, linking scholarly information, open peer review
• Innovative pilot projects like FP7 post-grant Open Access publishing funds pilot (maybe extended?)
• Valuable resources – toolkits for various stakeholders (RDM plans); webinars, workshops, helpdesks for researchers
Resources for Funders/Policy makers

- OpenAIRE aggregated repositories (Estonia has 1 OA repository and 11197 OA publications)
- Monitoring, reporting – funding impact overview – new funders welcomed
- Analytics and trends
- Help Member States formulate Open Science policies

https://www.openaire.eu/intro-funders
Future plans

Context: OA universal mandate for all Horizon2020 projects and Open Research Data to all Horizon2020 projects and upcoming European Open Science Cloud pilot.

- OpenAIRE Connect
- AMNESIA – data anonymization
- OpenAIRE supports or is part of many new initiatives in Europe – EOSC, Scholix, the Initiative for Open Citations (I4OC): OpenCitations
Thank you!

OpenAIRE (Open Access Infrastructure for Research in Europe) is an EU funded initiative that aims to support the implementation of the European Commission’s Open Access policies.
