this is to beg the favour of you to be so kind as to lett
me know the hour His Majesty, will be pleased to doe me
the honor to be at the mint, that I may ordre things so
as that he may see every thing at his easse & likewise to
hinder any Companys being present at that time, I woud
have waited on you my self to have known it but am
very desierous to advance his medaile, as much as possible
I can & hope His Majesty, will find it to his liking at least
nothing shall be wanting in me to please so Great an Emperor,
therefore desier youl excuse the freedom I take & to believe
