

LibOCS projekt – teadusraamatukogud ja kodanikuteadus

Seminar “Teadus kõigile: kuidas muudab ühiskond teadust paremaks?”

22.05.2024

Liisi Lembinen

Tartu Ülikooli raamatukogu

Erasmus+ KA 2 strateegilise partnerluse programmi projekt LibOCS (2021-1-EE01-KA220-HED-000031125)

LibOCS: Akadeemia ja ühiskonna sidemete tugevdamine läbi avatud kodanikuteaduse Balti teadusraamatukogude toel

- 01.01.2022 – 30.06.2024
- Partnerid: TÜ, TalTech, Läti Ülikool, Kaunase Tehnikaülikool, Vytautas Magnus Ülikool, Web2Learn ja Immer Besser GmbH
- Projektivälised partnerid Balti rahvaraamatukogud
- **Peamine eesmärk:** raamatukogude oskused kodanikuteaduse toetamiseks
- <https://www.libocs.ut.ee/>

Projekti alaeesmärgid

- Kaardistada Balti riikide teadusraamatukogude kokkupuude kodanikuteadusega
 - Uuringud ja teavituskampaaniad
 - Kultuurimuutuse käivitamine
 - Õppematerjalide loomine ja koolitamine
 - Avatud juurdepääsuga materjalid olulise infoga
 - Mitte ainult raamatukogudele
-
- <https://www.libocs.ut.ee/milestones/>

Projekti väljundid

Uuringute tulemused

- Soodustatavad ja takistavad tegurid (3 ümarlauda) RP1
 - + Oskused, koht, võrgustik, repositooriumid, usaldusväärsus
 - Spetsiifilised teadmised/oskused, ülikooli prioriteet, vähene teadmine raamatukogudest
- Mäluasutuste roll kodanikuteaduses (2 uuringut) PR2
 - + Valmis panustama, oskused, roll olemas
 - Nõrk teadmine võimalustest, vajalik oskuste kaardistamine
- Kõik uuringud sisaldavad soovitusi

Forward-Looking to Public-Scholarly Engagement in Baltic Higher Education Institutions

Ignat, Tiberius ; Kaseorg, Svea ; Neerut, Lilian ; and 4 others

In a world increasingly driven by the collaborative spirit of citizen (or participatory) science, this forward-looking paper stands as the 30th milestone innovation and partnership funded by the EU's Erasmus+ program. Led by the reputable University of Tartu, this project spotlights the pioneering in

Kursused ja õppematerjalid

- Avatud juurdepääsuga kursus "Citizen Science for Librarians: a self-paced learning course" kõigile raamatukoguhoidjatele (ENG)
- <https://tinyurl.com/LIBOCSONline>
- 5 moodulit: roll, kodanikuteaduse projekti oskused, projektijuhtimise oskused, kaasamine/kommunikatsioon, andmehaldus
- Testid
- Sertifikaat

A screenshot of a learning management system interface. On the left is a sidebar menu with a close button (X) at the top. The menu items are: General (highlighted), Citizen Science and the Role of Libraries, Skills for Librarians Involved in Citizen Science, Project Management Skills for Librarians, Engagement and Communication, Research and Data Management, and Final knowledge check. The main content area shows the course title "Citizen Science for Librarians: Self Paced Learning Course" and a "General" section with an "Announcements" icon and a message: "We're glad you're interested in citizen science. We hope you will gain valuable knowledge. If you have any questions or problems regarding the course material, assignments, or any other, please contact us by email at aiste.prancute@ktu.lt". Below this is a "Citizen Science and the Role of Libraries" section with an "Introduction" icon.

Kultuurimuutus

- Koostöö ülikoolidega ühiskonna suuremaks kaasamiseks kodanikuteaduse projektidesse
- Raamatukogu on ühenduslüli ülikooli, ühiskonna ja (kodaniku)teaduse vahel
- BESPOC mudel (9 osa) – ülikoolis üks kontaktpunkt
- Samm-sammult rakendamine
- Saavutatud TÜ tase 2/10; TalTech algtase 1/10
- Eestile keskne kontaktpunkt ja portaal

Kodanikuteaduse tööriistakast

- <https://www.libocs.ut.ee/toolkit/>
- 100 valitud materjali
- Veebikursus „Kodanikuteadus raamatukoguhoidjatele“
- Videod
- Muud materjalid

Avatud juurdepääsuga

Sobib kõikidele raamatukogudele

Teadmiste ja oskuste arendamiseks

Sobib koolitusteks

Citizen Science Toolkit for Librarians

About the Toolkit

Welcome to the Citizen Science toolkit for Librarians, an open access resource collection created collaboratively by five partners in the Erasmus+ project LibOCS: University Libraries Strengthening the Academia-Society Connection through Citizen Science in the Baltics.

Contents:

[About the toolkit](#)
[The Basics of Citizen Science](#)
[Implementing Citizen Science in Libraries](#)
[Citizen Science Portals](#)
[Implementing Citizen Science Support Hub](#)
[Citizen Scientists and Volunteers](#)
[Training for Librarians](#)
[Guides and Toolkits](#)
[Information](#)

The toolkit is designed for librarians interested in citizen science. The material was collected and stored throughout the project in the [Zenodo LibOCS Collection](#). You are welcome to browse our Zenodo repository as well as the current toolkit.
