

DataCite Estonia Consortium

DataCite

Consortium Leads session, 22.09.2021

<https://datacite.ee/>

Liisi Lembinen

University of Tartu Library

DataCite Estonia timeframe

- UT library and natural history museum + ERC funding – joined 2014 DataCite
- 2015 - **DataCite Estonia Consortium** (obligation from the funder)
- **Small consortium:** UT, TalTech, Tallinn University, Estonian Life Science Univ. + service contracts (3)
- **Non-consortium member:** Bank of Estonia, The Institute of Baltic Studies, Estonian Academy of Security Sciences
- April 2020 – datacite.ee (previously: datacite.ut.ee)

DataCite API	Recommended metadata
Metadata framework	Events
Trainings/events	Trainings

- RDM related events
- Scientific conferences – information desks
- Trainings, guidelines
- Technical support
- Informational materials
- Website
- Statistics, annual reports

DataCite Estonia challenges

- Until 2021 – 4 partners – DataCite fee + other costs
- 2021 – Ministry + partners
- In reality – libraries pay
- Non-consortium members separate fee – does not cover the real costs
- No development funds – UT library

- DataCite Estonia is part of Open Science Estonian branding - <https://www.avatudteadus.ee/en/home/>
- Central service for all researchers
- National research road map
- Ministry of Education and Research reimburses the annual DataCite fee
- No permanent and sustainable funding for other expenses

Thank you!
