

572.

Professeur de mathemat.¹
au College royal militaire
de Valenciennes.

Mr Christie presents his
compl^{ts} to Mr Smirnov, and
sends him two casts from
Rauhilliac's mask of Newton;
he begs Mr Smirnov's accept-
ance of one of them, and that
he will leave the goodness
to forward the other to the
Imperial Academy of
sciences at St Petersburg.
Mr C regrets much that circum-
stances should have caused him
so long to delay sending the casts.
